ACC9065	1016mm	98,1
ACC9068	1320mm	130,2
ACC9075	1625mm	166,1
ACC9080	2438mm	250

Cutting Mat

A triple layer, self-healing PVC (vinyl) mat with grid designed to protect work surfaces from unforgiving blades or knives.

Product Code	Description	Price (eur)
A2174	620mm X 900mm	41,5
A2176	1000mm X 1500mm	111,3
A2179	1000mm X 2000mm	186,9

DRS Roller (Dust Removal System)

The Dust Removal System (DRS) Roller removes dust and dirt from prints, substrates or film without leaving a tacky residue. Clean the DRS roller by rolling it over the special adhesive pad. Steel yoke handle construction provides extra durability for production situations. A great tool for any mounting or finishing department. Adhesive pad and roller sold separately.

Product Code	Description	Price (eur)
ACC9050	DRS ROLLER	273,7
PCRPAD	Replacement Pads	47,2

General Graphics Accessories

Anti-Static Wisk™

The Anti-Static Wisk™ cleans your prints prior to lamination by dissipating static. The special conductive fibers gently whisk away harmful dust, lint and dirt. Grounding cord included.

Product Code	Description	Price (eur)
ACC9610	279mm	160,4

Magnetic Laminator Caddy

Keeps gloves, eraser blocks, tape measures, Zippy Cutters™ and pencils close at hand, yet away from the laminator nip and emergency stops. Strong rubber covered magnets attach the black basket firmly while protecting the surface finish.

Product Code	Description	Price (eur)
ACC6000	One Size	5,6

OLFA™ Knives

Utility cutters with snap-off blades

Olfa™ Standard Cutter

Product Code	Description	Price (eur)
ZC8020	Standard Knife	5,6
ZC8021	Std Spare Blades	7,5

Window Squeegee

Silver, hard-edge plastic squeegee is specially designed for applying vinyl film to windows, vehicles, signs and other graphic substrates. The smooth but rigid edges smooth down films and remove air bubbles without scratching the surface. Made of reinforced nylon.

Product Code	Description	Price (eur)
ACC9056	7cm X 10cm	3,5

Eraser Block™

Specially designed for multi-heat laminators, this large, rubber cleaning block removes adhesive residue from roller surfaces.
