CAR 500 SAFETY FILM 50 mic

Protection from breakage  
Safety film

Safety film applied to the windows of your car, demonstrates its effectiveness in case of a crash, holding up the broken glass and thus avoiding its projection on the occupants of the vehicle. In case of burglary, the film can be very useful since it delays the action of burglar and the access to the interior of the vehicle.

Solar protection Ceramic film

The solar protection automotive film rejects solar energy while maintaining the transparency of a glass and the brightness of the interior of your car.
