

# SOLID COLOR FILM

Thanks to these color films you can tint all types of glazing: windows, partitions in PVC, showerscreens, glass tables, etc. Perfectly transparent, these films can provide color and cheerfulness to your glass, whilst still maintaining the transparency of the glass. Schools, gyms, hospitals, storefronts, public places can now be renewed by using them on the facades, glass walls.

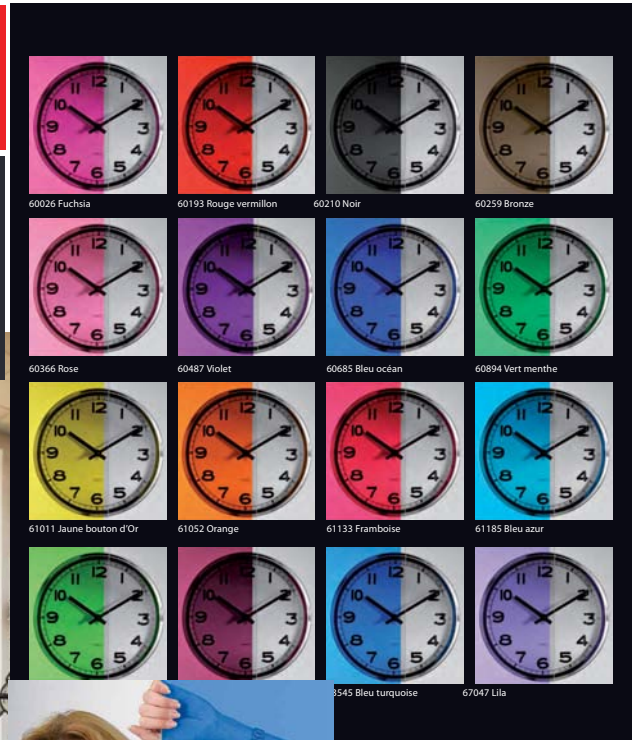

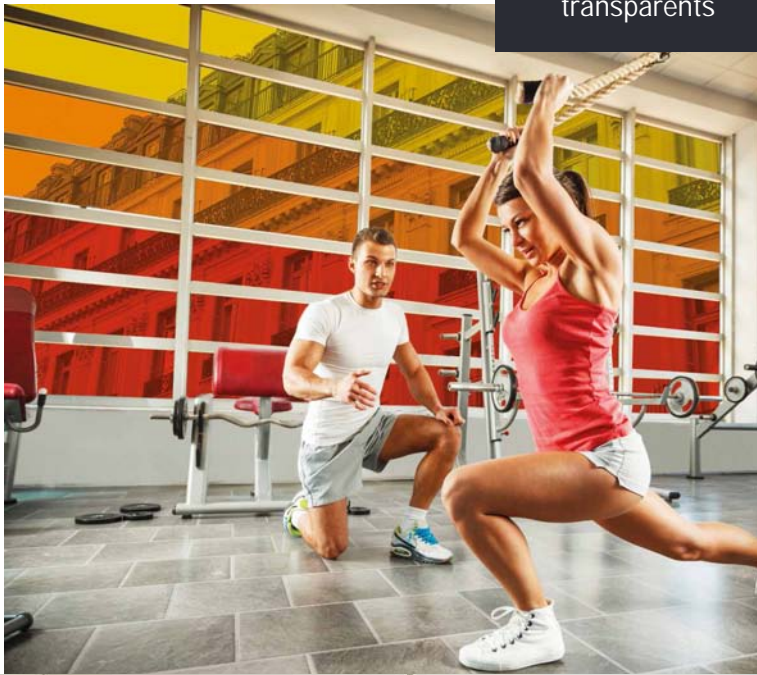

**Durability :**  
 12 to 15 years for inside vertical application in Central Europe.
